ABSTRACT

Anung Saputro Nugroho, 2021, *Planning for Campus II Parking Facilities Metro State Islamic Institute*. (Case Study at Campus II of the Metro Negri Islamic Institute). Civil Engineering Study Program. Faculty of Engineering. Muhammadiyah Metro University.

Pembimbing (1) Ir. Ida Hadijah, M.T (2) Septyanto Kurniawan, S.T., M.T

Keywords: Parking, Parking Needs, Parking Modeling

The purpose of this study is to plan parking facilities, appropriate arrangement at Campus II of the Metro Negri Islamic Institute. To find out the characteristics of parking and parking needs with the available land on Campus II of the Metro Negri Islamic Institute. With this plan, it is hoped that it can provide optimal parking requirements and provide comfort for students and employees who will park their vehicles.
