

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

The 2019 "Knives Out" movie has many idiomatic expressions. This richness of idiomatic expression illustrates the richness of the language used by the writer of this story to make this movie more colourful. The many uses of idiomatic expressions also make this movie more memorable for the audience. This study used 46 idiomatic expressions of simile parables, euphemisms, binomials, fixed statements, cliché, and proverbs.

This study uses qualitative descriptions to get perfect results. The use of this method is the best method for conducting this research. In addition, researchers use several instruments, such as the researcher herself as the main instrument and documentation and tabulation as supporting instruments. Besides that, the researcher collected data through the collection and analysis of data that the researcher did in the "Knives Out" movie to produce 46 data.

The use of idiomatic expressions in this movie inspires the audience to be more interested in this movie. Moreover, many funny and tense scenes make this movie trigger the audience's emotions even more when watching this movie. With the presence of idioms, the audience can also find various hidden meanings that only some know so that they can provide new insights to the audience, especially those who want to learn more about English.

After doing various things in this study, the researcher found a lot of idiomatic expressions that can be found in this movie, namely simile parables, euphemisms, proverbs, cliché, fixed statements, and binomials. Using idioms in this movie, the researcher found that two sentences were included in the simile parable and binomial. After that, the researcher also found euphemisms for five data. Then, proverbs six data. After that, fixed statements 24 data and cliché seven data.

B. Suggestion

Using idiomatic expressions is very important in all literature, especially in making film scripts. In making film scripts, the use of idiomatic expressions dramatically influences the results of the stories. This study discusses idiomatic expressions in "Knives Out" in 2019. This movie is a well-known

and popular film and can provide exciting shows for the audience. However, after the researcher completes this research, the researcher hopes :

1. For English teachers and lecturers, this research can be a topic and learning object related to idioms. So it can help them to teach related idioms.
2. For Students, can use this research as a reference for them to study idiomatic expressions so that they can easily find definitions, examples, and other things in this research.
3. For readers, this research is an example of research on idiomatic expression in films which can provide them with new insights and knowledge regarding idioms in this film.
4. For researchers in the future, the researcher hopes that this research can be used as a reference for benchmarks and examples for them to conduct similar research. In addition, the researcher hopes they can do research that covers the shortcomings of this research because there are several types of idioms where only a few sentences are included in this movie.
