

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the previous chapter, get the research results. So, in this chapter, the researcher provides conclusions based on the formulation of the research problem as follows:

1. The researcher uses the idiomatic expression in "The Masterplan" Album by Oasis. The researcher found 6 expressions consisted of Similes, Binomials, Proverbs, Euphemisms, Cliche, and Fixed Statements.
2. Idiomatic expression frequently occurred in "The Masterplan" Album by Oasis is binomials. The total of all idiomatic expression is 61 consist of Similes was 7 or 11.48%, Binomials was 27 or 44.26%, Proverbs was 1 or 1.64%, Euphemisms was 2 or 3.28%, Cliche was 7 or 11.48%, and Fixed statement was 17 or 27.86%.

B. Suggestion

The researcher give some suggestions to many people related to this study, they are as follow:

1. For Teacher

As a result of this research, English teachers can teach idiomatic expressions and have access to more instances of translated idioms.

2. For Students'

The researcher suggests that discourse analysis is something that students should learn about because it helps broaden their vocabulary.

3. For Other Researcher

The results of this study are useful for other researchers who are interested in making the same topic and purpose.
