

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the objective and result of action research and discussion that was clarified in the previous chapter, the researcher takes the conclusion as follows:

1. The using whatsapp application can improve students' writing Ability at the eighth grade students of SMPN 8 of Metro in Academic Year of 2020/2021. It can be seen in the pre test result, the students who got score ≥ 75 were 5 students 21.88%, otherwise 17 students 63.64% were under achievement students. Then, the students who got score ≥ 75 in post test 1 were 63.64% or 14 students while 36.36% or 8 students got score < 75 . Furthermore, in post test of cycle 2 result all the students (100%) got score ≥ 75 . It is indicated that the students' writing ability could increase significantly after the treatment applied in the teaching and learning process.
2. The result shows that Classroom situation before the treatment was classified into low category with the mean score of 56.00. Then, the students' activity after the treatment in cycle I increase significantly with the mean score of 64 and 16 active students (72.72%). Furthermore, the average of score on cycle 2 is classified into high category with the mean score of 80 and 19 active students (83.36).

B. Suggestion

Analyzing the conclusion of the study, some suggestions are directed toward the English teacher, the students and other researchers.

1. For the Teacher

The use of songs in whatsapp application in teaching English writing is considered as an effective way. That is why the English teachers of SMPN 8 Metro are expected to be able to apply and develop their teaching media so that it can give better results in the teaching and learning process.

2. For Students

To improve English writing through whatsapp application is not only applied in the classroom activities but also applied in daily activities. It is expected that the students should do much practice in learning English writing especially writing, for instance, practice in writing their personal experience..

3. For Researcher

For other researcher, conducting more comprehensive study is necessary for the sake of developing an effective teaching media and strategy to teach English writing.
