The criminal act of gambling is regulated in Article 303 of the Criminal Code and Article 303 bis of the Criminal Code and the criminal act of gambling committed using electronic media is regulated in Article 27 paragraph (2) of Law no. 19 of 2016 concerning amendments to Law no. 11 of 2008 concerning Electronic Information and Transactions, however the implementation of this Law has not yet become effective in the jurisdiction of the Central Lampung Police. Formulation of the problem in the research (1) How is law enforcement against perpetrators of online gambling crimes in the Central Lampung area? (2) What are the obstacles to law enforcement against online gambling in the Central Lampung area?.

The method in this research uses an empirical juridical approach and is descriptive. The research data is primary data using the interview method at the Central Lampung Police Department. Secondary data conducted a document study.

The research results obtained: (1) Law enforcement efforts against perpetrators of online gambling crimes in the Central Lampung area, efforts that can be taken are: preemptive efforts, preventive efforts, repressive efforts. (2) Factors inhibiting law enforcement against online gambling in the Central Lampung region, namely: Legal factors, law enforcement, facilities and equipment, servers located in countries where gambling is legal, public awareness, and cultural factors.

The author's suggestions for this thesis are (1) Intense cooperation is needed in the future between the police and the community in prevention and socialization efforts in the community environment. (2) Improving the quality of human resources by means of training provided specifically for Central Lampung resort police personnel.

Keywords: Law Enforcement, Crime, Online Gambling.
