

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

In this chapter describes the results of research based on the findings of data analyzed by researcher. The results of this research were the used of word formation processes in slang words through Kendrick Lamar's damn album and the correct meaning of slang words before changed into a new word by using word formation processes.

1. The results of the data, there are 14 songs in Kendrick Lamar's damn album. In this research it was found that there were 9 types of 10 word formation processes in Kendrick's lyrics. Then researcher found 257 slang words by used word formation, namely 1 coinage, 6 borrowing, 40 blending, 3 acronym, 23 derivation, 10 back formation, 14 compounding, 5 multiple processes, 155 clipping and there are 1 type of word formation that are not used in the lyrics, namely conversion.
2. The results of the data obtained from this research are that there are 9 of 10 word formation processes types that are used in Kendrick Lamar's damn album, but there are 1 type of word formation processes that are not found in 14 songs of Kendrick Lamar. The researcher also found the correct words of slang words before they changed into a new word used word formation processes in accordance with the theories of several experts about slang words by using word formation processes in chapter II

Based on the results knowing the types of slang words by using word formation and also found the correct words of slang words before they changed into a new word is important because it can help the reader understand the purpose of the slang words work itself. The use of word formation in slang words in songs can make the lyrics of song more attractive and easy to used in daily life at informal situation.

B. Suggestion

The suggestion is expected to make better in the future. The researcher gives some suggestions for the English Department students, and the future researchers. The explanation is explained as followings:

1. For all students

The students are suggested to be active in the learning process. Students need to increase understanding of slang words using word formation through songs, movies and any other social platforms.

2. For English Department students

The English Department students is suggested to improve the knowledge of slang words and can identify it using word formation processes.

3. For future researcher

The researcher suggests the next researcher to develop this research, so this research will be more complete. The researcher considers that there are still shortcomings in this research. The researcher also hopes that in future research it can analyze the other elements contained in use word formation not only in slang words.
